

Part-Time Farm Staff Member Needed
Deep Hollow Farm - Chester, CT
www.deephollowfarmct.com

Deep Hollow Farm is seeking a part-time farm staff member for our 2018 growing season (April-October). We are a diversified vegetable farm growing on 1.5 acres in Chester, CT. Our farm staff member will work closely with the farm manager to reach our production goals for the 2018 season! Our staff member will plant, water, maintain, and weed crops, as well as harvest, wash and package our produce for weekly farmers' markets and CSA pickups. Daily tasks will vary due to the needs of the farm and our vegetables.

Our ideal candidate is responsible, pays excellent attention to detail, and is interested in working in sustainable agriculture. Ability to stay flexible is important, as a lot of what we do as farmers changes with weather conditions, pests, and a variety of other factors. Previous farm or garden experience is preferred, but not necessary as we are happy to teach and learn with you!

We are looking for someone to work 15-20 hours a week starting April 1 and continuing through October. Pay starts at \$12.00 per hour, along with all the farm fresh produce you can eat.

To apply please send your resume and a brief paragraph about why you're interested in this position to manager Annalise Kieley at deephollowfarm@gmail.com and owner Andrew Drabkin at andrewdrabkin@gmail.com.
