

FIELD CREW, FULL- OR PART- TIME
ANDERSON ACRES FARM
KENT, CT

COMPANY DESCRIPTION

Anderson Acres is a small-scale, diversified farm located on a 200-acre, privately owned property. About five acres of the land is dedicated to agriculture. We produce log-cultivated mushrooms, specialty cut flowers, heirloom tomatoes, and pasture-raised eggs for our local chefs and markets. In addition, we maintain a small vegetable and herb plot to provide fresh food for the farm owners and farm crew. From June to September we operate a weekend farm stand located on the property.

Outside of these established operations, the property is mostly wooded with horse trails throughout. It is beautiful and diverse, with plenty of learning and exploration opportunities for someone self-motivated and inquisitive. The property also includes the home and surrounding gardens of the land owners as well as the full-time, year-round residence of the farm and property managers.

JOB DESCRIPTION

The farm's staff is currently comprised of the farm manager and two crew members, who work closely with the farm owners throughout the year to ensure that the farm is meeting operational, financial, and aesthetic expectations. We are looking for a field crew member who can work with the farm manager and field manager to execute daily tasks in an organized, efficient, and timely manner. Because our staff and operations are relatively small, this role will involve helping with all aspects of the farm. This is currently a seasonal full-time or part-time position lasting from April to October, with the possibility of long-term employment. We are willing to be flexible for the right candidate. This is a wonderful position for someone looking to work with a tightly-knit crew on a young, dynamic farm where learning opportunities abound and projects are diverse. We are in a state of growth and transition, and the ideal candidate would be eager to contribute ideas and try on a lot of different hats. If you are seeking an opportunity to become a well-rounded beginning farmer and jack/jill-of-all-trades, this is the position for you.

DUTIES

- Daily chores, such as animal care and egg collection/wash, watering the greenhouse, etc.
- All aspects of field production, including propagation, transplanting, cultivation, irrigation, pest/disease control, mowing, and greenhouse management
- Harvest and post-harvest clean-up and organization of flowers, mushrooms, and other produce
- Simple tractor work such as tilling, mowing, and hauling of materials
- Assistance with farm infrastructure projects such as fencing, drip irrigation, and high tunnel repairs
- Delivery of produce to chefs and markets one to two times per week

QUALIFICATIONS

- Previous work experience, a farm or trade background is preferred
- Competence with basic hand tools, power tools, and light machinery
- Ability to repeatedly lift 50 lbs

- Must be comfortable working with and around chickens, dogs, and cats
- Willingness to give and receive feedback
- Strong communication and time management skills
- Good attitude and work ethic with a desire to take initiative
- Must have a valid driver's license and means of transportation

Pay is commensurate with experience, \$11-12/hr. To apply, please send a cover letter and resume, detailing relevant past experience.
